Our Vision :

Our vision is to build a future vibrant India with sturdy knowledge in the society and also groom responsible citizens in civil and administrative services of our great nation.

While handful of Indians are poised as society competing with the competitive world, the other chunk are suffering from hunger, poverty, unemployment, lack of cleanliness, and basic amenities. We aspire to bridge a gap between this imbalance and create young administrators and civil servants who are sincere, credential and trustworthy individuals who are ready to serve our Nation without any fear or favoritism.

Our main objective is to deliver the best package for the aspirants and providing a platform to get groomed for the competitive environment of administrative, civil services, Banking, various governmental, semi Governmental and corporate companies. Sri Venkateshwara & Tippiani both are excellent in their field of education and training collaborated with the view to provide the optimum resources to the young community.

ABOUT US:

Sri Venkateshwara Tippiani IAS Institute is a premium institute with a full suite of tutoring for IAS, KAS, PGO, P.S, JDA. Our full time commitment towards examination oriented approach is an added advantage for our strong roots. The experienced professors, excellent facilities and our successful track record are the silent features of our institute.

TET

SRI VENKATESHWARA Educational Institution was established in the year 1985 by our founder trustee and secretary Sri. Gopala Job. He is a self-made man. He started his career as a Mathematics Lecturer and by virtue of sheer hard work and ability rose to prominence, which very few can match in the field of education. He rose from humble beginning and through his hard work could achieve excellence in the field of education. It is his vision of providing various platforms for the youth to learn & perform and to provide quality of service.

Pedagogical Approach:

Civil service examination is the premier examinations conducted by the Union public service commission. In last 5-6 years the pattern, trends of examination and methodology have gone through several changes. Now the focus is mainly on an analysis of contemporary issues which are happening around us. The days are gone where same conventional questions were asked from text books. But now trend set is lateral thinking and holistic knowledge is the key to success. The emphasis has shifted from what has happened - to why it has happened and what will happen in future.

Plan of action:

Since both depth and width of the student knowledge are tested, only a smart thinking and flexible approach will yield result. We are successful in analyzing the trends of the examination and imparting that trend in students studying pattern. We believe that there is no short cut to success. We have the strongest conviction that personal integrity is the most important component to achieve our goals. We will act as a catalyst to facilitate and accelerate your journey towards the destination.
